

2021 BE KIND TO YOUR MIND

5K | FAMILY RUN | KIDS' OBSTACLE COURSE

We are so excited to host the 5th Annual Be Kind To Your Mind Run benefiting Iris Clubhouse of Casper on Saturday, June 5! This year's event has been moved to the Tate Pumphouse and is the day before the Casper Marathon. The hopes are to draw more participants to the event and spread the word about Iris Clubhouse and mental illness in our community.

If you are unfamiliar with Iris Clubhouse, let's take a minute and tell you about our organization.

A Clubhouse is a community of adults living with moderate to severe and persistent mental illness who come together to work towards personal goals. The clubhouse is a work-oriented program that helps people to build their job skills, to regain personal worth and to rejoin our community. Through this program, these individuals can lead rich and fulfilling lives, while at the same time reducing hospitalizations, incarcerations and the need for additional social services.

Iris Clubhouse provides opportunities and resources for friendship, employment, housing and education in a caring and safe environment. Our members have the opportunity for recovery and can participate as valued and respected members of society.

In 2017 Iris House, Inc. was established. We are in a "new" building, have a dedicated volunteer board, full support from the mental health community and goals to expand our program. We follow the Clubhouse Model of Psychosocial Rehabilitation, just as the 341 other Clubhouses throughout the world do.

Here's where you come in! We appreciate any and all help our community sponsors are able to give to Iris Clubhouse - and especially when it comes to our events and fundraisers.

With your help we will be able to continue and to grow our efforts in assisting adults in our community!

Thank you for your support!

Dan Odell
